Stranica contact.html

Molimo unesite validno ime i prezime.

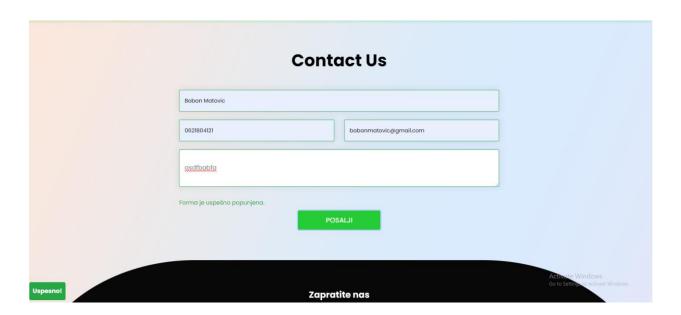

Molimo unesite validan broj telefona (10 cifara).

Molimo unesite validnu email adresu.

Molimo unesite svoju poruku.

Popup -

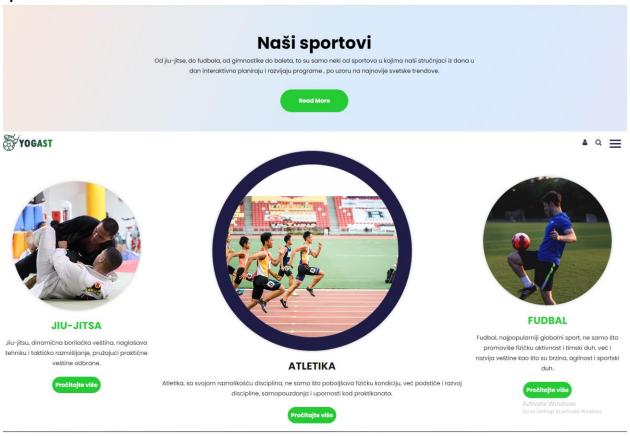

Forma je uspešno popunjena.

Sva polja su obavezna. Ukoliko podaci nisu validno uneti, promeniće se boja i border elemenata forme, ispisaće se tekst da nije uspešna, i pojaviće se popup crvene boje koji ce jasno dati do znanja da forma nije uspešno popunjena.

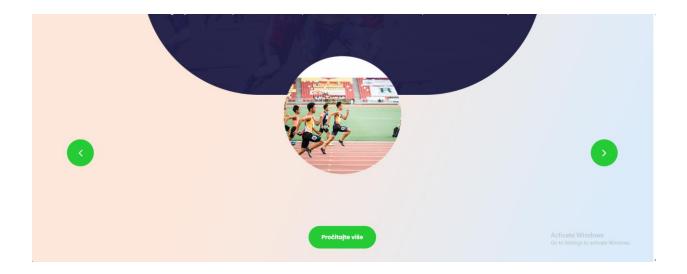

Ukoliko je forma ispravno popunjena i elementi su validni, isto će se desiti, samo će biti dodata klasa success, i bice obojeno zelenom bojom.

sport-section.html

Dinamičko kreiranje i ispisivanje elemenata iz JavaScripta, iz napravljenih nizova, izvlače se vrednosti, i nakon pravljenja elemenata, dodeljuje im se vrednost. Nakon pravljenja elemenata, dodaju im se atributi i prolazi kroz petlju, kako bi se prošlo kroz svaki element. Kroz petlju se takodje proverava ternarnim operatorom da li je id tekuće promenljive i=1, jer u tom slučaju dodeljuje mu se klasa kako bi se razlikovao od druga dva elementa, veličinom i pozadinom.

Pravljenje dinamičkog carousel elemenata i sadržaja kroz JavaScript -

Dinamičko kreiranje i popunjavanje elemenata carousel-a. U zavisnosti od indeksa elementa , dinamički se ubacuje druga slika sa drugim atributima. Elementi se menjaju otprilike svakih 5 sekundi, i sa strane postoje strelice uz pomoć kojih mogu fizički da se menjaju elementi, pre isteka tajmera. Takođe se nalazi jedan button koji osim estetike, nema drugu ulogu. Nakon dinamičkog kreiranja i upisivanja elemenata, upisuje se ceo sadržaj u jednu promenljivu, koja se kasnije dodeljuje nekom divu u HTML-u koji je hardcorovan.

Pošto je template preuzet, i sadrži previše linija CSS koda, previše bi bilo kopirati sve.

```
/* Poopup */
#popup {
    display: none;
    position: fixed;
    bottom: 10px;
    left: 10px;
    padding: 10px;
    border-radius: 5px;
    font-size: 18px;
    font-weight: bold;
}
```

Linija koda koja je dodata u CSS, za sve ostale manje potrebe, korišćene su klase u Bootstrapu.

Hvala na pažnji.
